

Outlook Working Offline

Article Number: 111 | Rating: Unrated | Last Updated: Wed, Jun 14, 2017 at 1:48 PM

If Outlook does not sync and says it is working offline:

1. Click the *Send/Receive* tab;
2. To the far-right, in *Preferences*, click the *Work Online* button;
3. It should look like to work properly:
