## **Outlook Working Offline**

Article Number: 111 | Rating: Unrated | Last Updated: Wed, Jun 14, 2017 at 1:48 PM

If Outlook does not sync and says it is working offline:

- 1. Click the Send/Receive tab;
- 2. To the far-right, in *Preferences*, click the *Work Online* button;
- 3. It should look like to work properly:
